

Hello Friends,

On behalf of our Bear Lake Family, I would like to welcome you to Bear Lake. It is almost that time, eh? Evidently, Spring is a woman and can't make up her mind. The weather was warming up and then they got hit with a foot of snow! Temperatures have been at freezing at night. Ice has been pulling away from the shore. We should be getting there just as the ice is out. This as usual means challenges with rapids and getting through the narrows.

We are leaving for Canada somewhere around May 7th. It will take us a while to beat the back the bush and get everything online; water, electricity, phone etc. So, if you need to get a hold of us:

Now - May 8th - (502) 648-2758 6803 Gunpowder Lane (Cell)
Prospect, KY 40059-9330

May 8th - Oct 10th - (502) 648-2758 PO Box 5262 (Camp)
Espanola, Ontario
Canada P5E-1S3

Highlighting some things. First of all, (since 9/11) the border crossings have changed. Customs Agents are direct, lack warmth, patience, & sense of humor. Be polite. Roll all your windows down. Take off sunglasses. Keep your answers short & honest and you should be fine. Make sure everyone has a picture ID and proof of citizenship. Make sure anything you need to declare will be within reach.

Bring everything you can from home. This includes groceries for several reasons:

- 1) Prices in Canada are very high and there is no exchange rate. You can expect to pay about \$ 85 per carton of cigarettes and about \$ 40 per case of beer up there. Bring it from home.
- 2) You have an opportunity to buy your groceries when you are at home. You know where everything is and where the best prices are. Do you really want to do a scavenger hunt for food while you are on vacation?
- 3) You can build everything into a cohesive load. This will make it easier for loading in/out. We will still make a grocery run to town on Tuesdays.
- 4) If you drink or smoke, bring your limits from home. If you have extra **declare it** and keep these items visible in your car and well within reach. It will save you time at the border.

If you decide to purchase goods in Canada, the best advice to you is to charge everything to get the best exchange rate. Convert no or as little

currency as possible. Fill up your gas tank on the US border. If you coming through Michigan; stop in Sault Ste Marie at the I-75 Business Exit (Exit 392). You can fill up there and there is a Walmart if you need to get some last minute items.

If you must have Canadian Beer, stop at the Duty Free Store on the US Side. Remember to declare your purchase as they will show up on the screen in customs.

- ✓ If you want the Meal Plan (where we feed you in the lodge) **we must know well in advance**. We offer a "No Skinny Man Left Behind" Dinner Plan. This plan features Steak, Barbecue Pork Chops, Greek Chicken, and a Huge Fish Fry Night. This is a only Dinner Meal Plan and runs \$225 per person.

If you have a DUI call me at your earliest convenience.

We are excited to have you up to Bear Lake Wilderness Camp. We have enclosed a packet that should help you get the most out of your trip. Please familiarize yourself with the packet. It contains the following:

- 1) Welcome
- 2) Getting Directions
- 3) Mission Essential Task List
- 4) Prep Packet
- 5) Map of Espanola
- 6) Tackle Tips

Directions

My favorite is the good old Trip Tik from AAA. I always get one and I know the way. They let you know where the construction areas, speed traps, and rest areas are. Just tell them you need routed to Espanola, Ontario, Canada.

www.Mapquest.com on the Internet is the other. Just go to driving direction, put in your address and Espanola, Ontario, as your destination.

Ferry Boat Information

If you are taking a ferry across to get to Bear Lake Wilderness Camp here are the information links:

- 1) Manitoulin Island - **Chi-Cheemaun** <http://www.bmts.com/~northland/chiche/chiche.html>
- 2) Milwaukee, WI - Muskegon, MI <http://www.lake-express.com/>
- 3) Manitowoc, WI - Ludington, MI <http://www.ssbadger.com/>

Website Information

All the enclosed information (and more) can be found on our website. To access the secured area of the website, go to www.blwc.com

Click on Bear lake University. The User ID is "charlton" and the password is "heston"

Bear Lake Wilderness Camp Espanola, Canada

At Bear Lake we operate from Saturday to Saturday. This means that we will pick you up at a pre-arranged time at Lang Lake Resort on Saturday. Simply call us the week before, to set the time. The people that are coming in set their pickup slot time. Conversely, your departure time is set by the folks staying in your cabin following week.

Given gas prices any non Saturday (taxi) will be charged \$ 90 USD per boat. Sorry ☹

We will collect the parking fee for Lang Lake Resort. It is \$48 per vehicle for the wk or \$ 78 for vehicle w/trailer. RV's are charged more. If you are bringing an RV call me in advance.

This is the **Mission Essential** Task List:

<u>ITEM</u>	<u>WHEN / WHERE</u>
1) Passports / Passport Cards 2) If you want our meal plan. 3) Call to set up a dock pickup time. 4) Pickup Outdoor Card and Licenses. 5) Get groceries at Winkel's (if you must). 6) Anything you missed? Canadian Tire. 7) Drive to the Dock at Lang Lake. 8) Park vehicle in Lang Lake Lot. 9) Load into the Bear Lake Boat. 10) Arrive Bear Lake Wilderness Camp 11) Get Boats and Boat Briefing. 12) Settle up your Bill.	Turnaround Time is about 1 month At least one month in advance One week prior to your departure. Fri Nite or Sat Morn, Petro-Canada Fri Nite or Sat Morn, if you need to. Fri Nite or Sat Morn, if you need to. Pull up to the Dock and Unload. After you unload your vehicle. Have life preservers ready. Unload and move into the cabin. In Main Lodge. Sunday - Main Lodge. Cash

1) We must have advance notice for meals. Staffing and logistics here can be a bear. We can do a Dinners only Meal Plan for \$225 per person. This is our "No Skinny Man Left Behind" Plan that features Steak, Barbecue Pork Chops, Chicken, and our Fantastic Fish Fry with all the fixings.

2) When you call to set up a time for dock pickup, consider that the grocery in Espanola does not open until 9AM and that the earliest that we can pick you up is 8AM (weather permitting). You Please also let us know, if you will need night crawlers. Night crawlers generally run about \$68 US.

3) Petro Canada and Burk's Shell Station open early. You can purchase your Outdoor Card & Fishing Licenses here. Hunting Licenses, Outdoor Card, and Bear Tags need to go through Burk's Shell Station.

Canadian Tire is also a great place for the once over, to make sure you have everything you will need. If you get lost, or you are going to be late, call the lodge and let us know (705) 866-7100

4) Winkel's grocery opens up at 9AM. This is a really nice but expensive grocery. They accept Credit Cards and Debit Cards. We recommend bringing all your groceries from

home. The advantages; you know where the best deals are, you have months to prepare, and you are not running around on Saturday on a scavenger hunt for food.

It saves a lot of time. You can also freeze your meats, and milk so they will stay cold during your trip. Prices are also cheaper at home. Included is a "sample" packing list for suggestions.

5) Canadian Tire opens up at 8AM. The Canadian Tire store is kind of like a Walmart, Autozone, and Hardware store combined.

6) Lang Lake Dock is located at Lang Lake Resort. It is roughly 12 miles south of the grocery store on Highway 6. You can follow the signs down Highway 6 for the turnoff (left) onto Lang Lake. Turn left onto Lang Lake Road and follow it until it ends.

7) Pull as close as you can to the dock and unload. Be mindful of others trying to use the boat ramp and dock.

Don't put your gear next to main dock parking. Remember, we have to unload a group before we put your gear on. Once you are finished unloading, please park your vehicle in the gravel lot **on top of the hill**. We will be collecting the parking fee at Bear Lake.

8) Load your gear into our water-taxi. We will take you to Bear Lake from there. Travel time is approximately 55 minutes to our dock.

9) We will pull into your dock at your cabin and unload your gear.

10) Once you are settled into your cabins, we can go about issuing boats and motors. There is a required safety briefing. Then let the games begin!

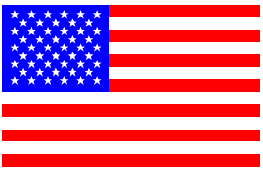

11) Paying your bill. We collect no money on Saturday. Our goal is to get you out on the water so you can start enjoying your vacation. Sunday or after is fine.

Please keep in mind that we have to charge parking, GST (government sales tax) and PST (provincial sales tax). Combined, this is 13% of the total bill. We are required to charge this and we don't see a penny of it. The remaining balance of your bill must be paid in cash. We don't take checks and are not set up for credit cards.

We have maps of the portage lakes, and can give you some good guidance on where to fish. To give everyone a chance at the portage lakes we have a sign out board in the main house. This also lets us know where you are in the case of emergency.

If you are going to fish at dark, please bring up a clamp on Red-Green Flashlight.

12) Boats and portage motors are required to be turned in at 6PM on the Friday Night before your departure. This allows us time to make any repairs/adjustments before our next group comes in on Saturday.

CROSSING THE BORDER AND GENERAL TIPS

Keep in mind that you are crossing into Canada. A passport or passport card will be needed cross the border. You can go to Homeland Security Website www.getyouhome.gov for more information. Canada limits the amount per Adult for:

- A) Tobacco: 200 Cigarettes, or
50 Cigars, or
400 Grams of loose Tobacco
- B) Alcohol: 1 Case of Beer, or
40 Ounces of hard liquor.
- C) Gas / Food Full Tank of Gas and a "reasonable" amount of food.
- D) Ammunition: 200 Rounds (Max)
- E) Sports Equip: Includes your fishing and hunting gear. Please remember that you have to have the documents and pay the fee for bringing in your shotgun or rifle. Bows and Crossbows are exempt.

Recommendations

- 1) If you drink, the limit is one case of beer per person. That is duty free. Beer is running about \$40 per case. If you want to bring more, you will have to pay a duty of \$ 10 per case. Obviously, it is cheaper bring extra beer from home and pay the duty on it. Cigarettes are about \$85 a carton.
- 2) If you bring in cigarettes, declare them and have them on the dashboard. Don't make the agent search your vehicle. Also roll your windows down and take sunglasses off.
- 3) Don't bring up worms in dirt. They won't allow them across. Just let us know how many you need, before you come up and we can provide Canadian Crawlers at approximately \$ 68 US per flat of 500. A good rule of thumb is 1 flat per two people.
- 4) If you are crossing with a pet, make sure you have proof of all of its vaccinations and shots.
- 5) Enter Canada with a full tank of gas. Expect gas to be about \$ 1.00 a liter. This makes it Just over \$3.80 US per gallon. Stop on the US side of Sault Ste Marie and fill up.
- 6) When crossing the border, roll down your windows, remove your sunglasses, and have your documents ready. When asked just tell them that you are going fishing/hunting at Espanola. Keep your answers brief and just answer their questions (honestly). Keep your sense of humor in check.

If you are a parent bringing a child, you will need to a letter from your spouse giving you permission to bring your child to Canada. The reason for this is to keep parents in custody battles from running away with their children.

- 7) If you must purchase something, use a debit card or credit card. You always get the best exchange rate this way. If you need Canadian Money, use an ATM in Canada. You will always get a much better exchange rate.
- 8) Groceries: You can purchase most everything you need in Canada but **I would recommend bringing most everything up with you** given the exchange rate.

The 'Bear' Necessities Checklists

Personal Gear & Clothing			
Jacket	Sweatshirt(s)	Toothpaste	Sleeping bag
Rain Gear	Gloves	Brush / Comb	Pillow / Slip
Long Johns	Shirts	Soap / Shampoo	Prescription Glasses
Jeans / Pants	Sweatsuit	Towels / Cloth	Prescription Drugs
Shoes / Boots	Shorts	Insect Repellent	Liquor / Beer / Pop
Underwear	Socks	Sunscreen	Reading Materials
Bathing suit	Hat (wide brim)	Deodorant	Cards / Games
Sunglasses	Camera / Film	Ear Plugs	Shaving Gear
Batteries	Blanket	Sandals	Towels

Fishing Tackle / Equipment & Documents			
Rods & Reels	Tackle boxes	Fishing license	Maps & Charts
Stringer	Minnow pail	Hunting license(s)	Wire Fish Basket
DUCT TAPE	Worm box	Travellers cheques	Credit Cards
Mono Spools	Pliers	Back Pack	\$\$\$ Cash \$\$\$
Can Opener	Filleting knife	AAA card	Emergency Info
Small Cooler	Flashlight(s)	Medical card(s)	Driver's License
Tool Kit	First Aid Kit	Balance of Deposit	LIFE PRESERVER

Optional & Gear			
GPS	Depthfinder	Shore lunch kit	Radio / Walkman
Alarm Clock	FRS Radios	Coleman lantern	Shower Shoes
Compass	Maps	Camping Gear	Trolling Motor
			Battery

A depthfinder and trolling motor with battery will greatly enhance your fishing if you plan on primarily fishing the Main Lake System. We can recharge your batteries.

Both Burk's and Petro Canada, are open both Late / Early. You will need to purchase your licenses and Outdoor Card here. If you need any last minute tackle or food items both Canadian Tire and Winkels are good options. They are located next to each other.

If you get lost, or you are going to be late, call us at the lodge; (705) 866-7100. Some good options for breakfast are Tim Horton's and Roger Rabbit also. They have a great breakfast!

The 'Bear' Necessities
Vittles

As I mentioned earlier, bring up everything you can. You will want to bring up coolers with your food and dry ice. You should buy your potatoes here. There is a really nice grocery store, Winkels on Highway 6. Right next door is a Canadian Tire Store. The Canadian Tire store is kind of like a Walmart, Autozone, and Hardware store combined.

If, by chance, you forget something or need something, we will make a run into town on Tuesdays. We would be happy to pick up whatever you need and you can reimburse the cost when we get back. If you need more ice, just leave us a cooler to put it in for you.

Food & Kitchen Items			
Milk	Soups & Stews	Lettuce	Salt & Pepper
Juice	Fresh Fruit	Tomatoes	J-cloths
Bread / Rolls	Ravioli	Salad Dressing	Liquid Detergent

Sweetener	Pork 'n' Beans	Candy / Nuts	Cooler
Hot Chocolate	Spaghetti Sauce	Charcoal	Lighter Fluid

Getting your licenses and tags in Canada

As you have read on the other side of this page, there is a new Outdoor Card this year. They are \$9 CAD and they are good for 3 years. You can get this card at both Petro-Canada (Espanola) & Burk's Shell Station (Massey) when you purchase your Licenses.

If you need a Hunting License or Bear Tag, you must stop at Burk's Shell Station. You can get your Fishing Licenses and Outdoor Card at either store.

1) Petro-Canada for Fishing Licenses & Outdoor Card Only

Petro-Canada is conveniently located next to Winkels. They are open 6AM – 12AM every day. They also have diesel if you need to top off.

731 Centre Street
Espanola, Ontario
P5E 1S3
Tel.: (705) 869-0643

2) Burk's Shell Station Sells Fishing/Hunting Licenses Bear Tags, and Outdoor Card

BEAR HUNTERS STOP HERE

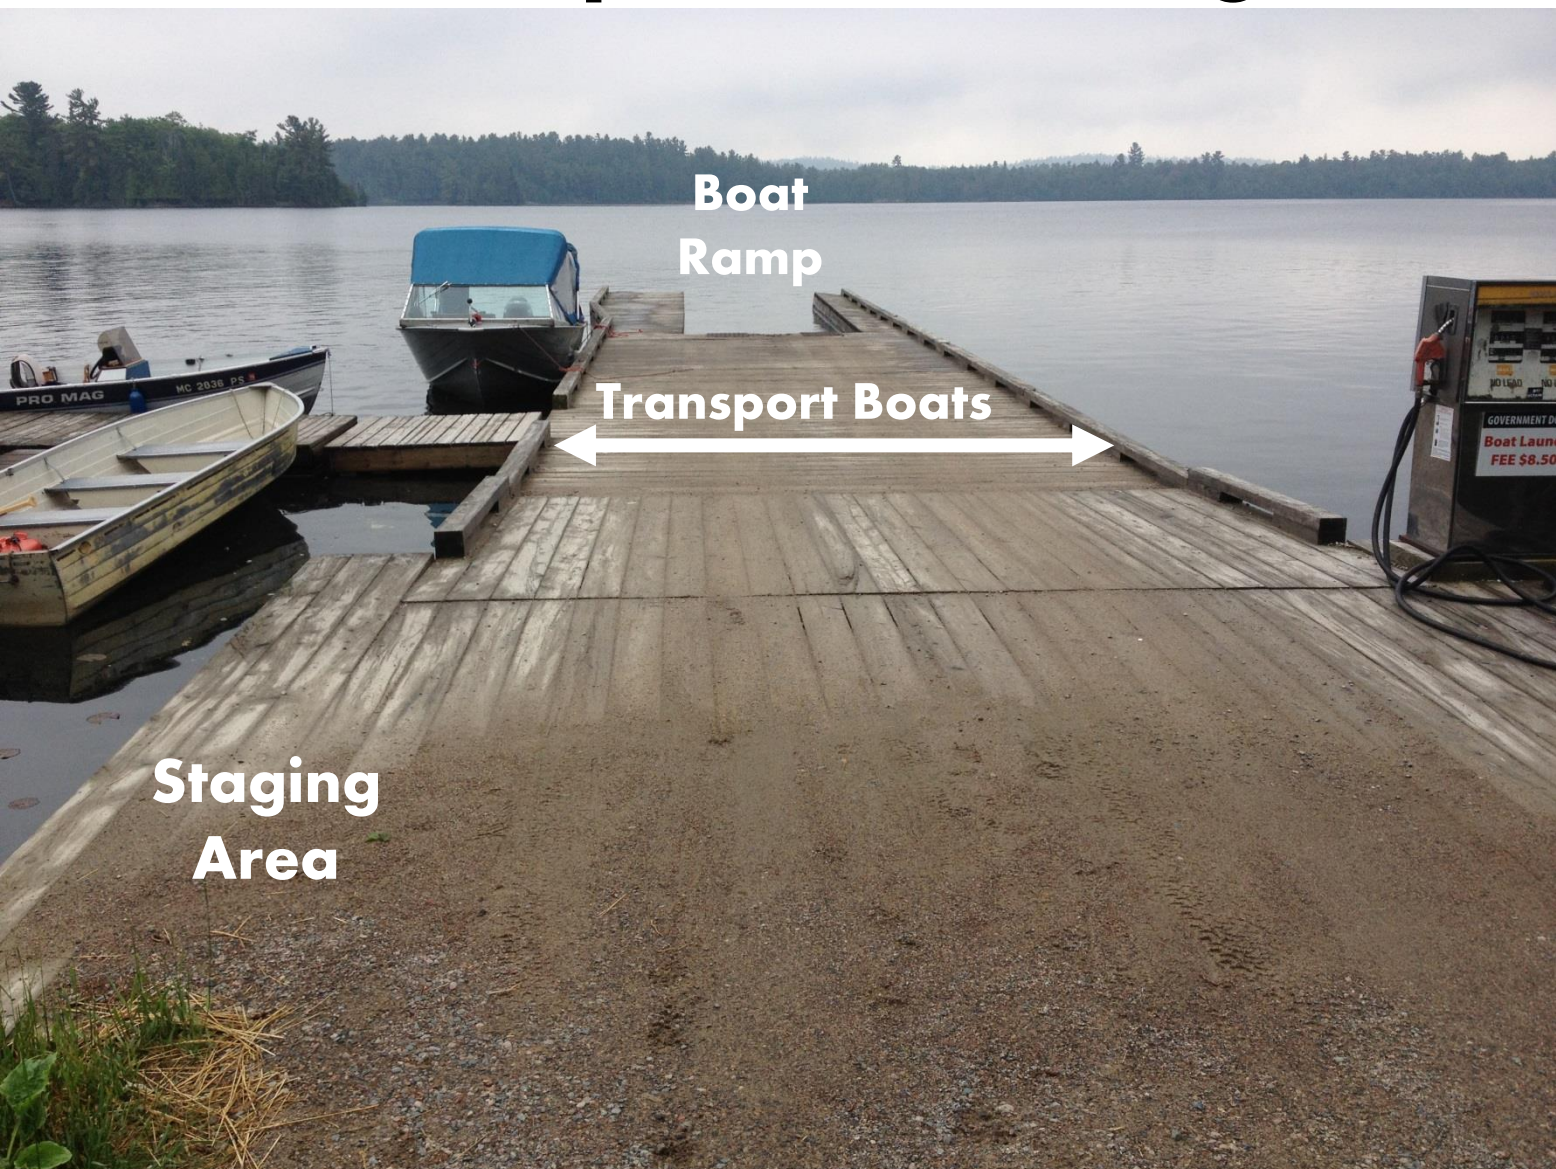

Massey is 15 miles west of Espanola on HWY 17. Burk's is on 17 and is open 7AM -11PM every day. They take credit cards

Burk's Shell Gas Station
(Massey) (705) 865-2858

Dock Pick Up Point at Lang Lake

Please be mindful of traffic using the dock and remember we will have to unload folks that are departing before we load you up.

If you are bringing your own boat please arrive an hour early so the dock will be clear for departing guests.

Lodging Recommendation

Clear Lake Inn

995 Hwy 6 South
Espanola, Ontario,
P5E 1N9

1-877-339-8685
(705) 869-1748

clearlakeinn@gmail.com

The Clear Lake Hotel is clean, reasonably priced and offer kitchenettes, WiFi connections, and ice machines. It's well located between Espanola and our landing.

We don't usually recommend lodging simply because inns and motels seem to change hands often. Subsequently, their quality seems to change as often. However, I don't think you can go wrong with the Clear Lake Inn.

We receive no kick-backs or any benefit from recommending this inn. Nor are we upset with any of the other establishments in the area. Clear Lake has simply distinguished themselves and I feel comfortable recommending them to any of our guest

<http://clearlakeinn.bravehost.com/>

TACKLE TIPS

When packing your tackle; **make your tackle selections as portable as possible**. Much of the best fishing is on portage lakes. Overall, I would take two rods and three reels. This will allow you coverage in case something should happen. When portaging, **use a backpack**; it is ideal. **A GPS is helpful**. Use small plastic boxes and leave the big tackle box back at the cabin. I carry one rod and two reels. I normally carry something that is bulletproof like a "Red Rhino" as a spare. Make sure you have your assortment of hooks, sinkers, swivels, and leaders.

Don't bring landing nets; the boats are equipped with them. However, if you have a small gaff with a short handle, you might want it. It will be more portable and actually more effective for landing pike. If you have a small anchor, you might want to bring it too. Please bring a fishfinder / depthfinder. We no longer rent them.

I have listed some lures below that have been effective at Bear Lake. Believe me, I get no endorsement money from suggesting them. I have my favorites. I won't go out without vintage Hot-n-Tots, Kelley's Plow Jockey's, Tube Jigs, Rattle Traps and Mepps Cyclops. White twister tails jigs are also good. Make sure you are portable.

All this being said, there is no substitute for live bait; night crawlers and minnows. Live bait will outperform artificial. Bait can be purchased at the camp. Canadian crawlers are approximately \$ 68 per flat of 500 and this is normally good for two fishermen for a week. I also can't wait to try the newer Senko worms out on remote lakes.

SUGGESTED TACKLE & LURES		
PIKE	WALLEYE	BASS
Dare Devils , Mepps Cyclops	Erie Dearies	Plow Jockeys / Plastic Worms
Williams Wobblers	Mister Twister Tails	Mepps Black Fury
Buzz Baits (for Bass)	Assorted Jig heads	Storm (Hot-n-Tots)
Rapala & Rebels <small>also good for early Lakers (silver & black - both deep and shallow running)</small>	Jigs w/minnows or worms	Spinners, Spoons, & Crankbaits, & a top water frog
Bombers	Wiggle Warts	Tube Jigs
Safety Pin Spinner Baits	Canadian Wigglers	Jitterbugs
Rattle Traps (troll or quick retrieve)	Lindy Rigs	Road Runners

Make sure you bring two medium action rods. Many folks will bring one Ultra Light and another rod with 12 lb test, fire line or another braided line. We recommend bringing a **portable depthfinder, trolling motor, and battery**.

Bring a good assortment of terminal tackle like hooks, sinkers, bobbers, bottom bouncers, and swivels as well. Wire leaders are a must. Many people also enjoy cooking their catches out on the lakes and then relaxing in Mother Nature's Diner. So I would also recommend making a shore lunch kit. A typical shore lunch kit would contain everything that you would need to prepare your fish and make a lunch of it. Make it portable.

Quite a few folks also enjoy camping out on some of back lakes. If this intrigues you, then you will need to consider bringing the camping gear (tents, sleeping bags, camp stove etc.) to make it happen.

TIPS

Poor Man's Anchor - Here is a way of make a cheap and portable anchor for fishing the back lakes. Bring a couple of empty mesh potato bags and some rope. Fill the bags with rocks when you get to your lake and tie the rope to the bag. Cheap, Portable,

Fishing Basket - A fishing basket comes in handy. The basket protects your catch and it is easier to carry your catch back to the camp.

Remember to check out the secured area of the website frequently. We add content weekly and this is our way of staying in touch with you. You will find maps of the lakes, tips, and copies of all the documents you have received in this packet and more.

FISHING TACKLE CHECK LIST!!

ROD AND REEL COMBOS

- | | |
|---|---|
| <ul style="list-style-type: none"> ✓ 1 Ultra Light 5'-6' with 4-6lb test line ✓ 1 Light-Medium 5'-6' with 8-12lb test line ✓ 1 Fly rod | <ul style="list-style-type: none"> ✓ Walleye ✓ Pike and deeper trolling ✓ If available |
|---|---|

Extra reel & line is a smart idea. Pack rods properly for transportation. Vehicles eat rod tips.

FOR WALLEYE... WHAT WORKS!! Minnows and night crawlers are important!!!

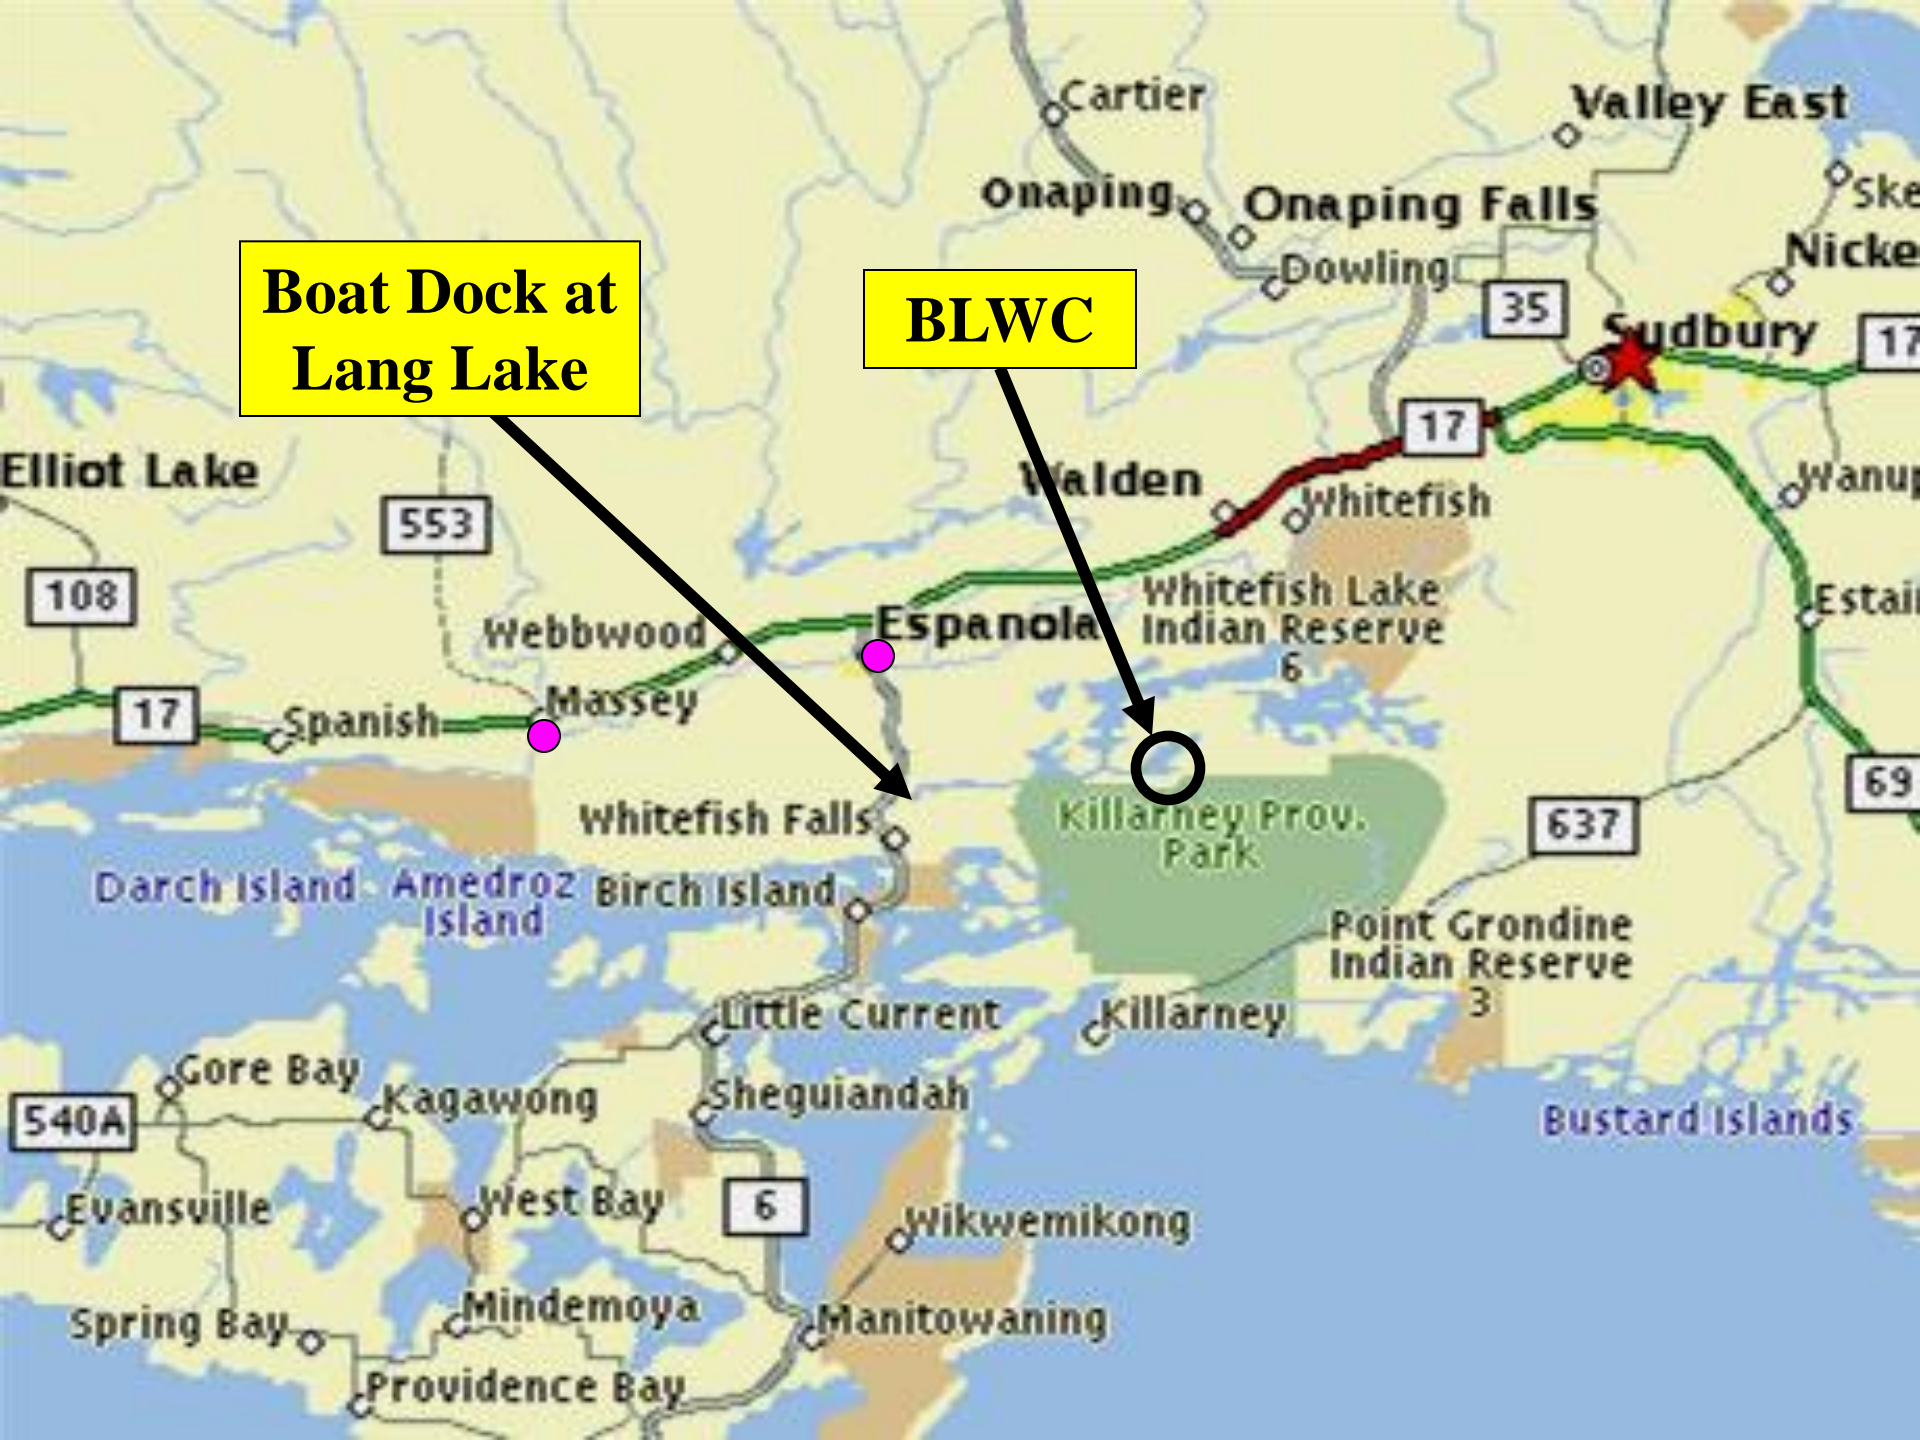

J i G S	Floating Jigs	<ul style="list-style-type: none"> ✓ 1/16 oz lead head jigs with 2" rubber tails ✓ 1/8 oz lead head jigs with 3" rubber tails ✓ 1/4 oz lead head jigs with 3" rubber tails ✓ 1/2 oz lead head jigs with 3"-6" rubber tail 	<ul style="list-style-type: none"> ✓ perch ✓ #1 for walleye ✓ little deeper ✓ deep jigging
	Rubber Tails	<ul style="list-style-type: none"> ✓ Main colors are yellow, white, green purple black pink and orange. ✓ Bring a lot of split shot sinkers & snap swivels ✓ We recommend using a spinner blade in front of jig and troll to locate walleye ✓ The best all-round lure is a beetle spin, which is a basic jig with a spinner blade and rubber tail. You can make these up yourself with the above mentioned combos. 	
	For Example	<ul style="list-style-type: none"> ✓ Use a 1/8 oz jig with a spinner blade in front. The setup is 1-2 split shots 8-12" in front of a snap swivel. The jig is added along with a minnow or a night crawler. Troll very slow along the bottom in 8'-14' of water. You will loose a few jigs on logs, rocks, etc. But hey! The walleye are on the bottom! If you're not there, you will not catch any! Once you have located the active walleye, you can drop your jig to the bottom and reel up slightly. Set the hook once the walleye start tapping. Also try casting, letting the lure sink to the bottom and retrieving slowly. Prepare yourself for snags. ✓ This technique is the most inexpensive method of walleye fishing. Jigs are cheaper than plugs. 	
	Good Plugs	<ul style="list-style-type: none"> ✓ Main colors are black, blue and orange ✓ All Lake Erie Tackle ✓ Floaters will work (get extra sinkers) ✓ Thin Fins (diving) 	<ul style="list-style-type: none"> ✓ Rapalas (diving-split 3"-6") ✓ Cordel Wally Divers or suspending Wally Divers * Any plug that will run in 8'-16' should work.

<p>PIKE... What works!</p>	<ul style="list-style-type: none"> ✓ Large sucker minnows (live bait) ✓ Johnson silver minnows ✓ Doctor spoons Daredevils ✓ 6"-8" Steel Leaders 	<ul style="list-style-type: none"> ✓ Williams Wobblers (Walleye too) ✓ Mepps Spinners ✓ Most bass lure work ✓ Cordell Ripplin Redfins ✓ Flash is great! So are weedless lures!
---------------------------------------	---	---

JUMBO PERCH	LAKE TROUT	BROOK TROUT	SMALL MOUTH BASS
<ul style="list-style-type: none"> ✓ Lindy rigs ✓ 1/16 oz jigs ✓ Tons of night crawlers ✓ Best time: July-September 	<ul style="list-style-type: none"> ✓ Jigs, spoons & plugs that imitate bail fish ✓ Colors: White, silver, gold and chartreuse ✓ Fastrac minnow, ✓ Pearl Bomber, ✓ small Rapalas, ✓ Williams Whitefish/ Spinner Bait 	<ul style="list-style-type: none"> ✓ Flies, jigs minnows, light Multi Blade spinners with worm ✓ Crankbaits trolling, weighted body spinners 1/4 - 3/8 oz ✓ Small Rapalas, ✓ Little Cleo (red-gold) ✓ Mepps Spinners ✓ Fly (Muddler Minnow) 	<ul style="list-style-type: none"> ✓ Long A Bomber, Jigs, Popping Bug, Mepps 3, Bass Killer, Shad Rap or Rattlin Spot ✓ Colors: Black, yellow, gold and chartreuse ✓ Live worms
